

Buildings and Grounds Report 1-21-2024
Jane S. Garofano Junior Warden

Our Buildings and Grounds include the Rectory, Church and French House with all the properties, plus the Cemetery.

St. Mary's is maintained by weekly cleaning and annual Servpro sanitation since the Pandemic. Seasonal landscaping, cleanup and Winter snow removal are our regular commitments.

For 2023 we finally have had a Great Year with many positive projects in the rearview mirror.

Once we were in collaboration with Worth Construction and other local folks, we were able to complete many projects....

Thanks to Worth Co. we have

- *had the front facade of the church re-pointed

- *had the chapel doors hung properly

- *new chimney cap

- *doors painted

- *AC/heat mini splits in French House and trim and windows painted

- *successful funds raised to fix the "Stairway to Heaven" \$18K

- *holes patched in the parking lot

Rectory...thanks to Chris Potpourdis

- * 7 windows completely rehabbed back to functioning condition

- * new furnace

Overall campus will have additional 7 ash trees removed by the stone wall shortly and when weather permits work will begin again on the stairs.
