

Church School Annual Report

We have a wonderful group of 12 students with an average of 6 each Sunday in attendance. We are blessed with two fantastic, creative, and active young adults who help throughout lessons. You may have seen their faces, Marley Vaught and Ava Rattazzi. I would not be able to run class without their help.

We run a robust program at the Sunday School. Classes include readings from "The Action Bible", a comic strip story book of the bible that all the students seem to easily connect to. The best part is discussion after the readings. It kind of reminds me of that old Art Linkletter show, "Kids say the darndest things". After lessons we have crafts or creations which everyone seems to greatly enjoy and sometimes we learn new songs.
